PAID SEARCH ADVERTISING

Sokal's Momentum platform is a leading technology platform that, in part, delivers optimized Paid Search campaigns generating high quality website traffic through highly relevant ads that increase lead and conversion volume that will outperform your current Paid Search campaigns.

BENEFITS

- A / B tested custom ad copy
- Continuous budget adjustments (6x / day through the Momentum platform)
- Keyword optimization tool identifies underperforming keywords (e.g., low quality score, high cost per click, low click through rate, low conversion rate)
- Unique "waterfall" negative keyword strategy that aligns higher converting keywords with the person who is searching closer to the bottom of the buying journey (i.e., ready to purchase)
- Top zip code targeting, radius targeting and automated bid adjustment in a dealership's most strategic geographic areas

MOMENTUM AUDIENCES

POWERFUL AUDIENCE TARGETING WITH INSIGHTS THAT ELIMINATE WASTED AD SPEND

Sokal Audience Technology takes the guesswork out of your digital advertising campaigns, making sure that your ads are in front of the right people at the right time to make sure they are listening to what you have to say through your advertising.

BENEFITS

- Utilize 3rd party data to reach specific demographic profiles (Household Income, Age, Gender)
- Reach people based on where they are in their buying journey by leveraging their search behavior, websites they've visited and specific makes and models they're considering
- Take advantage of your dealership's 1st Party Data (CRM and DMS data) to reach current customers and keep them engaged
- Audiences from the customers shopping and visiting your website
- VIN-level retargeting lists ensure that your dealership stays in front of people who have visited your website
- Reach across all devices with cross device tracking and retargeting (someone sees your Connected TV and then gets retargeted with a relevant display ad).
